The Children's Justice Center is a safe place for children to come after experiencing the unthinkable. The trauma these children and families experience is more than physical. April is National Child Abuse Prevention and Awareness Month!

A LOOK BACK AT 2020

SUPPORTING CHILD ABUSE PROFESSIONALS

Every April Friends hosts a Heroes of Hope luncheon to coincide with **Child Abuse Prevention and Awareness month** with the aim to honor professionals working in the field of child abuse. In lieu of the 2020 luncheon, we created Heroes of Hope appreciation baskets using only products from local businesses. These baskets were delivered to each of our partner agencies in an effort to promote self-care. The baskets also serve to remind the professionals how much our community appreciates their essential work, especially with the additional stress of the pandemic.

KEEPING STAFF SAFE

Friends provides equipment, furnishings, and supplies used by the Children's Justice Center to create and maintain a facility where children feel safe as they start their journey towards healing. This support was all the more critical during the Covid-19 outbreak. Friends was able to quickly purchase and provide **personal protection equipment** such as plexiglass dividers, air purifiers, clear shower curtains, masks and cleaning supplies.
